**SHINN SYSTEMS –
THE INTELIGENT APPLICATION OF POWER
450 Horsepower**

This machine is a one stop shop for many land clearing needs it does the cutting chopping and grinding of trees, stumps and debris leaving just mulch behind. On site disposal of debris means no burning, no trucking, and no dump fees. These machines disperse material that's ready to walk or drive on.

**100 Horsepower skid steer
mounted Shinn Attachment**

Perfect for selective clearing and underbrushing for trails and access roads.

With low ground pressure these machines minimize disturbance to the soil in sensitive areas.

These machines require much less time and labor ultimately saving you money.

- under brushing
- mulching and grinding
- paths and trails
- fire breaks
- property maintenance
- forestry management
- invasive control
- clean up behind logging operation
- stumps
- dead & uprooted trees

*We will travel
anywhere.
No job to big
or to small*
